CMC NETWORKS CREATE LONG-LASTING CONNECTIVITY WITH SAP BUSINESS ONE

CMC Networks is a global service provider offering market-leading networking solutions across Africa and the Middle East. Providing services for over 30 years, they provide data communications to carriers, Governments, multinationals, and non-profit organisations. They operate in excess of 110 service locations providing a cost-effective, scalable, and resilient network.

They have the largest pan-African network, servicing most countries in Africa, 12 countries in the Middle East, and offer regional hubs in key interconnect locations across Europe, the UK, America, and Asia Pacific. They provide their customers with a broad portfolio of Carrier Grade Network Solutions including Ethernet, MPLS, DIA, SDN / SD-WAN, and Cloud-based solutions.

CMC has worked with G3G from the very beginning and together we have achieved greater control and efficiency with SAP Business One.

"SAP Business One means peace of mind."

Solution
SAP Business One

OBJECTIVES

- A fully integrated system with the flexibility to suit all their business needs.
- A solution that continuously improves and grows with their business to help them stay the provider of choice in a competitive industry.

SOLUTION

CMC Networks chose SAP Business One as the solution met their all requirements. G3G was brought in to implement the solution and provides ongoing support and roadmap advice and enhancements.

OUTCOME

- Tailor-made reporting provides management with a complete overview of operations.
- Real-time and accurate data assist management to make innovative business decisions.
- Finding and fixing issues makes it easier to stay proactive in meeting their customer's requirements.
- Help identify the most profitable revenue streams and opportunities for growth.
