FIRST-CLASS MANAGEMENT FOR EDEN BLEU HOTEL WITH SAP BUSINESS ONE

The Eden Bleu Hotel is located on Eden Island, off the coast of Mahé, only 10 minutes from Seychelles International Airport and 5 km from the capital, Victoria. With direct access to the Eden Island International Marina, the Hotel provides world-class accommodation together with state-of-the-art conference and business facilities.

They are part of the Travel Sustainable programme, which means they have taken significant steps to make their facilities and amenities more sustainable.

The Hotel teamed with G3G to help implement SAP Business One to better manage their expenditures and revenue. With more efficient and effective methods in place, accurate financial reports and analysis can be made in real-time.

"SAP Business One has helped us to manage our expenditure and revenue efficiently and effectively thanks to the well-designed functional modules available for financial reporting and analysis" Jean-Luc Uzice | IT Manager | Eden Bleu Hotel

Solution SAP Business One

OBJECTIVES

- Required a more effective way to facilitate and coordinate monthly and yearly reporting.
- Advanced business analytics was challenging as it was difficult to make accurate and innovative business decisions.
- Inventory and asset management needed improvement in order to have the right stock at hand to replenish daily.
- A solution that would offer flexible and efficient approval procedures to ensure guest experience was not impacted.

SOLUTION

SAP Business One was the only solution that provided all the tools needed to manage the hotel's revenue and expenditures in a more constructive manner. G3G's approach to financing, inventory, assets, and operations made way for a painless implementation while the Hotel could go on with its day-to-day activities while keeping their guests happy.

OUTCOME

- Analytics that assist in making fast and accurate decisions.
- Reporting that is more advanced, giving management better insight into how to manage and grow such a large establishment.
- Guest satisfaction levels and support experience have increased.
- Inventory and asset management have improved, from sourcing high-quality supplies to decreasing expenses incurred on wastage.
